PROFESSIONAL SUMMARY

Full Stack Developer | MERN stack

Dedicated Junior Full Stack Developer with over one year of hands-on experience in web development. Skilled in designing and building robust, scalable web applications and crafting data visualizations for insightful decision-making. Proficient in modern frameworks like React and Node.js with expertise in creating seamless user experiences. Passionate about clean, efficient code, problem-solving and staying ahead with emerging technologies. Actively explores advancements in Artificial Intelligence, experiments with new visualization tools to enhance data story telling.

CORE QUALIFICATIONS

Full Stack Web Development | Scalable Architecture Design | API Development and Integration | Cross-Platform Application Development | Version Control and Collaboration | UX/UI Design Principles | Agile Methodologies | Performance Optimization | Database Optimization | Technical Documentation

Education

ALX | Software Engineering Foundations

Sep 2023 - Aug 2024

Courses: System engineering, Low-level programming, High level programming, Object oriented programming, Devops, Data structure and algorithm

Dot et. | Full stack web development

Aug 2024 - April 2025

Courses: Web development fundamentals, Front end development, Back end development

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (Intermediate), TypeScript (Intermediate), C(Intermediate)
- **Frameworks & Libraries:** React Js, Express Js, Node Js
- **Databases:** MongoDB, MySQL
- **CSS Frameworks:** Tailwind CSS, Bootstrap
- **Development Tools:** Git, GitHub

EDUCATION & TRAINING

Certifications

- Software Engineering Foundations | ALX
- Full stack web development | DOT Ethiopia
